

First-Contact Measles Screening Tool

Three questions to be asked of the presenting patient (or to the guardian of a presenting paediatric patient)

ED Receptionist questions:

- 1. Have you got a rash? Yes No**

- 2. Have you, or any family member, been in recent contact with measles? Yes No**

- 3. Have you been referred via your GP under a suspicion of Measles? Yes No**

If “Yes” to any of the above, immediately alert Triage nurse of a suspect measles case!

****Once the presenting person(s) leaves the reception area, contact cleaning personnel to perform surface decontamination of the exterior reception countertop.**
